SKYDAN Partners With Local Private Equity Firm For Market Expansion

CHICAGO, IL, August 5, 2020 — Residential sell and leaseback company [SKYDAN Equity Partners, LLC](#) recently confirmed that they have partnered with a private equity firm in Chicago. This partnership will allow SKYDAN to expand their Chicagoland operation throughout Illinois and potentially other states.

In Chicago, SKYDAN has provided a comprehensive home lease and buyback program to customers since 2004. It is a unique way for financially struggling homeowners to unlock their home's equity without needing a bank loan or Home Equity Line of Credit (HELOC). These services have allowed many Chicagoans to pull themselves out of debt while keeping their home; and now these services are coming to all of Illinois.

"We are ecstatic for what the future holds," says James Stillo, President & CEO of SKYDAN, "When banks say no, we say yes. That has always been our motto because our passion is helping homeowners get back on their feet when they feel they have nowhere else to turn. Expanding throughout Illinois is just the first step -- we anticipate future growth and bringing our program to an even wider audience."

About SKYDAN Equity Partners, LLC

SKYDAN is the original sale/leaseback program helping homeowners access their equity in the Chicagoland area since 2004. SKYDAN's mission is to help customers access home-equity wealth and to provide an easy alternative to traditional bank loans. SKYDAN is not a bank or mortgage company offering credit but a real estate investment company partnering with qualified homeowners.
