SKYDAN Expands Innovative Home Sale/Leaseback Program to Wisconsin

Program that offers financial relief to homeowners expands throughout Midwest

CHICAGO, IL, June 7, 2021 – Residential sale and leaseback company [SKYDAN Equity Partners, LLC](#) recently confirmed that they will expand their Chicagoland operations into the neighboring state of Wisconsin.

Since 2004, SKYDAN has provided Chicagoland homeowners with a unique home sale/leaseback program that allows struggling homeowners to tap into their home's equity. This allows them to pay down debts and other life expenses without worrying about interest rates, loan terms, and other pitfalls that come with traditional lending. These services have allowed many Chicagoans to pull themselves out of debt while keeping their home; and now these services are coming to Wisconsin.

"We're ecstatic to bring our services to the struggling homeowners of Wisconsin," says James Stillo, President & CEO of SKYDAN, "When banks say no, we say yes. Nobody deserves to go through the stresses of financial hardship. Our program has been helping Chicagoland homeowners get back on their feet when they have nowhere else to turn and we're excited to bring the same level of assistance to Wisconsin residents."

With the coronavirus pandemic affecting economic conditions across the board, helping homeowners keep the life they've built in their community, despite job loss or loss of income, has never been more important.

About SKYDAN Equity Partners, LLC

SKYDAN is the original sale/leaseback program helping homeowners access their equity in the Chicagoland area since 2004. SKYDAN's mission is to help customers access home-equity wealth and to provide an easy alternative to traditional bank loans. SKYDAN is not a bank or mortgage company offering credit but a real estate investment company partnering with qualified homeowners.
