SKYDAN Expands Home Sale/Leaseback Program to Michigan and Ohio

Program that offers financial relief to homeowners expands throughout Midwest

CHICAGO, IL | May 26, 2022 – Residential sale and leaseback company [SKYDAN Equity Partners, LLC](#) recently confirmed that they will expand their home sale/leaseback operations into both Michigan and Ohio in order to bolster their Midwest presence and bring relief to struggling homeowners. Headquartered in Chicago, SKYDAN already operates in Illinois, Indiana, and Wisconsin, helping homeowners tap into their home's equity in order to pay for life expenses.

Since 2004, SKYDAN has provided a unique home sale/leaseback program that allows struggling homeowners to tap into their home's equity without having to sell their home and move out. By utilizing this equity, homeowners are then able to pay down debts and other life expenses without worrying about interest rates, loan terms, and other pitfalls that come with traditional lending.

These services have allowed homeowners throughout the Midwest to breathe a massive sigh of relief as they pay down debts and improve their credit score all without having to leave the community they love.

"We're ecstatic to bring our services to the struggling homeowners of Michigan and Ohio," says James Stillo, President & CEO of SKYDAN, "Over the past 27 months, we've helped 63 homeowners and have placed over \$9.2 million. We believe nobody deserves to go through the stresses of financial hardship. Our program has been helping Chicagoland homeowners get back on their feet when they have nowhere else to turn and we're excited to bring the same level of assistance to residents throughout Michigan and Ohio."

With the coronavirus pandemic affecting economic conditions across the board, helping homeowners keep the life they've built in their community, despite job loss or loss of income, has never been more important.
