SKYDAN Equity Partners, LLC Becomes a BBB Accredited Business

Program that offers financial relief to homeowners earns A+ rating with Better Business Bureau

CHICAGO, IL | November 15, 2022 — Residential sale and leaseback company [SKYDAN Equity Partners, LLC](#) is proud to announce that they have officially become a Better Business Bureau (BBB) Accredited Business with an A+ rating. This new development comes right off of the heels of their recent expansion into Michigan and Ohio earlier this year.

According to the BBB, they determine whether a business is worthy of accreditation if it possesses "attributes of a better business. They incorporate not only lawful business practices, but also BBB's experience with ethical advertising, selling and customer experiences. For a business to qualify for BBB Accreditation, it must continually meet these standards."

Since 2004, SKYDAN has provided a unique home sale/leaseback program that allows struggling homeowners to tap into their home's equity without having to sell their home or move out. By utilizing this equity, homeowners are then able to pay down debts and other life expenses without worrying about interest rates, loan terms, and other pitfalls that come with traditional lending.

These services have allowed homeowners throughout Illinois, Wisconsin, Indiana, Michigan, and Ohio to breathe a massive sigh of relief as they pay down debts and improve their credit score all without having to leave the community they love.

"We are proud to be a BBB Accredited Business," says James Stillo, President & CEO of SKYDAN. "Our program is unique; and innovation can understandably draw skepticism. But the fact of the matter is we've helped hundreds of homeowners dig themselves out of debt. We know our program works, our clients know it works, and now thanks to the BBB, the general public will, too. Homeowners should know that if they are in a bind, they have non-predatory options — they should never feel as though they are bound to the dead ends that come with traditional lenders."

About SKYDAN Equity Partners, LLC

SKYDAN is the original sale/leaseback program helping homeowners access their equity in the Chicagoland area since 2004. SKYDAN's mission is to help customers access home-equity wealth and to provide an easy alternative to traditional bank loans. SKYDAN is not a bank or mortgage company offering credit but a real estate investment company partnering with qualified homeowners.
